

“Strategic Integration of Artificial Intelligence (AI) in Higher Education: Opportunities, Challenges and Implications”

September 18, 2026 (Friday)

LHC-C Seminar Hall, NITK, Surathkal

SPONSORSHIP OPPORTUNITIES

ABOUT THE CONFERENCE

Association of Indian Universities (AIU), New Delhi, the world's largest association of universities and a premier apex body in higher education in India in collaboration with **National Institute of Technology Karnataka (NITK)**, Surathkal, an Institute of National Importance and one of India's top 20 engineering institutions (NIRF 2025), ranked 120th among universities in Southern Asia (QS World University Rankings 2024), is organising the South Zone Conference on **"Strategic Integration of Artificial Intelligence (AI) in Higher Education: Opportunities, Challenges and Implications"** on **18 September 2026 (Friday)**. The conference aims to provide a vibrant platform for academicians, administrators, industry experts, and other stakeholders to deliberate on the strategic integration of AI in higher education. It seeks to encourage speakers and delegates to share best practices adopted within their institutions, industries, and professional careers that align with the conference's themes. The key observations, recommendations, and outcomes from each technical session's deliberations will be documented and consolidated as the conference's official outcome. The recommendations emanating from the conference will be submitted to the Association of Indian Universities (AIU) for onward transmission to the Ministry of Education for devising policies on AI. Therefore, the conference serves as an important platform for sharing best practices and collectively shaping the future of AI-driven transformation in higher education in India.

CONFERENCE HIGHLIGHTS

Expected participation of ~100 delegates from AIU member universities, including IISc, IITs, IISERs, and NITs across South India.

Expected participation of Vice Chancellors, Directors, Registrars, Deans, Faculty Members, and Industry Experts.

Panel discussions and keynote talks by eminent academicians, administrators, and industry leaders.

Networking and collaboration opportunities with AIU member universities and higher educational institutions.

Showcase of innovative AI solutions, emerging technologies, and educational innovations.
